## School Bond Election Now Proven Unrealistic By Candidate Pessin

**School Board Staff Willing To Cut To Include Items Needed But Missing**

### Taxpayers Being Misled By 'Blue Sky' Planning

by R. Robert Evans

When the School Board sat down in January to receive the figures for the amount of money they would need for the "Cluster Plan" and the initial presentation of the forty-one alternates given them, the cost was set at \$13.7 million. Little did they know, that in April of this year, just one week short of the proposed 35-million dollar bond issue, that they were to learn that many items, to be included in the complex had not been included in the original cost estimate. Should the voters pass the 35-million dollar bond issue, they would be called upon to dig much deeper into their pockets to come up with the finished product.

This was the same situation that was connected with the Blair High School, understood that from the beginning of our planning it has been assumed that the swimming pool facilities can and should be funded from the COMMUNITY SERVICE TAX just as the BLAIR HIGH SCHOOL pool was funded — Cost \$280,000.

2. Spectator field. The state aid formula also does not provide for bleachers and lighting for a spectator field; thus this cost was not included in the overall figure. The cost for permanent steel and wood bleachers to seat 15,000 persons is \$255,000. The cost for lighting is \$150,000.

### BOMB SCARE MONDAY

Your Sierra Madre Police and Firefighters were notified by telephone at 6:45 a.m. Monday that a bomb had been planted in the offices of Sierra Engineering by a man who felt he had been "fired" without just cause, and the bomb was set to go off in the early hours of the morning.

Police units responded to the location immediately and called for the Firefighters to stand by at location with equipment. Police then evacuated all personnel from the building to the south side of the street.

### Charlie Brown To Be Theme of Baseball Dance

Sierra Madre Baseball Association presents "Take Me Out To the Ball."

The Baseball Association cordially invites all Sierra Madreans, friends and neighbors to attend the annual baseball dance to be held April 26. According to Ann Evans, Dance Chairman, plans and preparations are in progress to insure a delightful evening right here in our town at the Sierra Madre Women's Club, beginning at 8 p.m.

The baseball hero of today, otherwise known as Charlie Brown, will be the theme of the "Base-Ball" this year. Charlotte Mikity's —Please turn to Page 7

### Fire Calls No. 19, 20, 21

Proving beyond a doubt that fire calls run in groups, and most generally in groups of three, your Volunteer Firefighters were called to alarms number 19, 20 and 21 during the past seven days.

The first alarm came at 9:03 Friday evening to the Wisteria Coir Laundry in the Wisteria Shopping Center, where a Jane Doe informant stated that intensive smoke was coming

### To Hell With The Taxpayer

What did Dr. Bonner, promoter of the Pasadena Unified 35-Million Dollar Bond issue say at a coffee for Sheldon Pessin who had uncovered the unrealistic planning of the bond issue.

Dr. Bonner said in part . . . "Well, when you are sitting on the board after the election, you have the right to change the priority of the issue" . . . How's this for letting the people down?

Sheldon Pessin stated . . . "If I am elected, I will keep faith with the voter, I will not in anyway change the direction of the people who go to the polls . . . That is what is wrong with candidates that have been elected . . . they let them down after they are elected."

Here is certainly a man who is deserving of your vote April 22.

When the voters went to the polls and voted the \$5-million for the building of Blair, it was soon found that they were some 1 1/2-million dollars short of the necessary funds.

The missing items and their costs are as follows:

1. Swimming pools. Since there is no allowance in the state aid formula for the construction of swimming pools, their cost was omitted from the overall \$13.7 million figure. It should be un-

### Egg Hunt A Success

That the Firefighters Annual Easter Egg Hunt, held in Memorial Park, was a grand success can be noted by the over 1000 children and parents that lined the sidewalk around the park, and when the signal was given made a mad rush for some 300 dozen colored Easter Eggs that had been hidden by the Sierra Madre Firefighters.

Mayor Ralph R. Rule, not to be outdone by man, woman or child, is shown at the right attempting to gather in "his fair share." From the picture we cannot tell if he was just "near sighted" or attempting to "shoot a snipe." Eggs all around, eggs everywhere.

### She Betrayed Us . . . .

MRS. LA VERNE LA MOTTE

When she ran for election on May 11, 1965, she ran against three other candidates who were definitely for Cross Town Busing, and she made a statement in the Sierra Madre News on April 8, 1965, "I am particularly strong in my opposition to any artificial School Busing Plan which could destroy the true spirit and efficiency of Community Schools as they now exist to protect our schools and school children we indeed should not move pupils from their own community and sacrifice parental care." Since that time her four children have passed through the high school stage into college. She voted against the "Triad Plan of Cross Town Busing, but RECENTLY voted in favor of "PLAN A" now on file to create the Berkeley Plan of Cross Town Busing. REPLACE HER WITH SHELDON PESSIN. See his statement Page 2 this issue. La Motte is for the 35-million dollar bond issue.

### Scholarships and Loans

#### Ten Sierra Madreans Among Scholars Selected

Academically able students who are in need of financial assistance at the college they will attend, may apply for scholarships through the California State Scholarship and Loan Commission. In the tuition scholarship program, there are 5,770 awards available to a maximum of \$2,000 but in no event in excess of tuition and fees at the college or university selected by the award winner. Students who have selected the Junior College Reserve Scholarships are able to attend junior college while having their scholarships held in reserve until they attend a four-year institution.

In early April, the State Scholarship and Loan Commission announced the selection of State Scholars for the academic year 1969-70. These recipients, all within the highest 10 per cent of college aptitude, were selected from more than 30,000 applicants. Each of them is entitled to apply for annual renewal of his award if he maintains academic and financial eligibility under Commission regulations. Ten Sierra Madreans are among the State Scholars selected this year. They are:

From Pasadena High School, Timothy J. Alonso, 242 Mariposa; Kai T. Ku-

wata, 290 N. Mountain Trail; Rebecca J. Roe, 450 N. Cañon Dr.; Joy A. Sielen, 325 Toyon Road, and John Hosterman, 301 W. Orange Grove.

From Pasadena City College, Colleen L. Simpson, 446 Theresa Lane. From La Salle High School, Edward E. Chisholm, 79 E. Highland Avenue; Michael G. Kennedy, 190 North Adams St.; and Stephan I. Zeeman, 289 W. Highland.

From Alverno Heights Academy, Kathleen A. Flanagan, 59 West Carter. Miss Flanagan and Mr. Kennedy are Junior College Reserve Winners.

### Library To Hold Open House Apr. 22

In observance of National Library Week, as proclaimed by Mayor Ralph R. Rule, the Sierra Madre Library will have an Open House on Tuesday, April 22.

Sierra Madre Librarian Robert Ragsdale and staff invite everyone to come and see the new carpeting and new furniture that was purchased by the Friends of the Sierra Madre Library. Coffee will be served throughout the day.

### He Betrayed Us . . . .

DR. JOSEPH ENGHELM

He ran against Walter Shattford who promoted Cross Town Busing in May of 1965, and Enghelm said on April 22, 1965 . . . "I am emphatic in my opposition to the plan of busing school children in Elementary grades from one school to another over a 6-year period, and I am firm for the NEIGHBORHOOD CONCEPT and believe that the forced busing of children is not in the best interest of higher education." But only a week ago he admitted that he voted in favor of the "Plan A" to send our children across town. He is also in favor of the 35-million dollar bond issue. He must be replaced by TED ARMITAGE, he is opposite of this man.

### New Art Exhibit By City's Youth At May Art Fair

The call is out for all young artists to come participate in the seventh annual Sierra Madre Art Fair scheduled for May 17 and 18 at Memorial Park.

The new Youth Fair Art Exhibit part of the colorful fair is especially for those young people between the ages of five and seventeen living in Sierra Madre. Each young artist is invited to exhibit one piece of art work in any of these categories: painting, drawing, prints, collage, pottery, weaving, jewelry, sculpture, enameling.

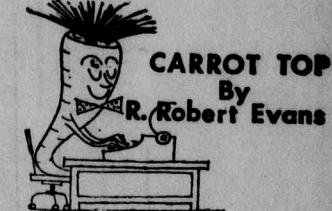

Those interested in this section, for display only, should fill out a registration form now, return it to the library by May 10, and plan to bring the art piece to the display area at Memorial Park on Saturday, May 17, between 8 and 10 a.m.

The registration forms can be found at the library, the —Please turn to Page 12

### Huck Finn Day Sat.

This Saturday, April 19, will be Huck Finn Day in Sierra Madre. The program, which is co-sponsored by the Sierra Madre Parks and Recreation Department, the Sierra Madre Chamber of Commerce, the Sierra Madre Kiwanis Club, the Sierra Madre Lions Club and the Sierra Madre Civic Club will begin at 8 a.m. and will last until 4 p.m.

The program is open to all boys and girls ages 8 to 14 who live in Sierra Madre and their guests and children. —Please turn to Page 13

### 2-Page Write Up In 'Modern Jeweler'

#### 'I'll Never Catch Up', Says Parr, Jewelers Workshop

George D. Parr heads the list of many fine and top quality creative artists in our locale. His area of creativeness centers around jewelry and his specialty is the designing and creating of individual pieces for customers.

With his own establishment, "Jewelers Workshop" — a specialty shop, located on Sierra Madre Boulevard, the large volume of Parr's business comes mostly from referrals and repeat customers. At this point, having only opened the Jewelers Workshop some three years ago, Mr. Parr is so busy with orders and commissions that he says, "I'll never be caught up." You might think that this would be a source of worry but he's very happy with his work and literally loves every minute of it.

Since Parr's shop is a specialty shop he keeps what many people feel are "banker's hours" — 10 a.m. until 4 p.m. and closed on Mondays. During those hours when George isn't busy serving the customers he is doing 'bench work' or metal work. Use of this expression means Mr. Parr is doing his own finishing on his own designs, after they have been cast in metal from his wax models. (He usually farms this casting work out.) He prefers to do his own finishing because he can still control his original design and thus maintain

GEORGE PARR presents a customer a wax model of a design he had created for a customer. Parr believes that custom designed jewelry should set off the wearer's personality, should make a statement about the wearer. So, considerable preliminary discussion and examination of sketches along lines indicated by the customer take place before the design is ever worked into the wax design.

### Thomas Petro Awarded Trophy For Oratory

East Pasadena Optimist Club proudly presented its oratorical trophy award to Thomas Petro, son of Dr. and Mrs. Thomas A. Petro of Pasadena at its regularly scheduled weekly luncheon last Tuesday. Young Tom Petro is in the tenth grade at Pasadena High School and is 15 years old.

The subject chosen by the Optimist Club for this year's competition was "Respect For the Law." Judges in this contest were Mr. Robert Hartman, Mayor Pro Tem of Sierra Madre, Mr. Jack Simons a Councilman in Sierra Madre and Mr. Jim Bunt. A certificate of outstanding accomplishment accompanied the trophy.

In a question and answer session with Optimist members, Tom stated he entered the contest because he wanted the trophy for his room and the recognition for his mother and dad. He also stated he plans to be a lawyer when he completes his education. President Harry Fry of the Optimist Club, together with other members congratulated Tom and wish him every success in his future endeavors. They will support Tom in the Optimist National Oratorical Competition scheduled in the near future.

Attend the church of your choice every Sunday.

The 200th anniversary of the founding of the Missions in California, being celebrated this year, will be dramatically brought to the minds of thousands of spectators when the 42nd annual presentation of the "Ramona Outdoor Play" opens this April 26th for three consecutive weekend matinees. The cast of this greatest of all outdoor spectacles is headed this year by lovely Anne Archer in the title role of Ramona, and Frank Sorell as Alessandro. Robert Taylor plays Father Salvaderra, supported by a cast of 350 citizens of the adjoining cities of Hemet and San Jacinto.

Performances sell out each year, weeks ahead of the first show, so it is suggested that ticket orders be mailed at once to RAMONA, P.O. Box 755, Hemet, Calif. 92343, or phone (714) 658-3111. Prices range from \$2.50 to \$4.00.

### Scout Council To Meet On Friday April 18

Dr. Eva Schindler-Rainman, noted community organization consultant and authority on leadership training, will be the featured speaker at the annual meeting of the Sierra Madre Girl Scout Council on April 18 at the Brookside Golf Club in Pasadena.

All Girl Scout adults, their spouses, and community guests have been invited to attend the 7 p.m. dinner and 8 o'clock program. Mrs. William A. Harker, president, has announced the occasion will mark the first anniversary of the Council.

On the agenda for the delegates will be election of board and nominating committee members. Delegates to the Council are elected by each of 21 communities to serve with the board of directors as the governing body of the Council.

I'M JUNE OWEN

AND I'M FOR PASADENA SCHOOL BONDS

We can no longer pretend that we can provide Superior Education without adequate facilities and an adequate operating budget. Today we are sadly lacking in both areas. On April 22 we will have the chance to decide whether we want mediocre or superior education for ALL our children and young people. To me the choice seems obvious. . . . we must vote YES.

KIDS KEEP IMPROVING DISTRICT SCHOOLS

### School Bond Election Proven Unrealistic

\$100,000. The cost of the restrooms for the spectators is \$35,000 — Total cost \$390,000.

3. Rough grading on the site north of PHS. It is reasonable to estimate that the maximum earth movement that would probably take place would be to cut a portion of the site by approximately 15 feet and fill the remaining portion by approximately 15 feet. With this as a basic assumption, it is calculated that approximately 133,000 cubic yards of earth would be moved. In consultation with Attwood and Pursel, earth movers operating in Pasadena, it has BEEN LEARNED that rough grading at the cluster, involving this volume of earth, can be done for \$1 to \$1.25 per cubic yard of earth moved. — Additional cost \$166,250.

4. Improvements to Rose Avenue and Woodlyn Road the cost of improving these thoroughfares is estimated at a cost of \$71,000. This includes paving, gutters, and curbing — Additional cost of \$71,000.

The total additional cost that is KNOWN at this time figures \$907,250.

Is it any wonder that we charge the School Board and its staff with "POOR PLANNING," and is it not safe to assume that if they made a "goof" of almost \$1-million in a portion of the bond issue on \$13½-million that most probably they also goofed on the remaining money and we could be short by some \$3-million that will have to be dug up from the Community Service Tax as was done for Blair High School.

Who uncovered the gigantic "Goof"? none other than Sheldon Pessin, candidate for the School Board for Seat No. 1. It is his experience in the Banking, Building and Management fields that compelled him to "ferret out" the inadequacies of the proposed bond election.

This newspaper will give you this true story — when it was brought before the Board of Education and they fully realized their

"ERROR" an attempt was made to "whitewash" the whole thing; sort of "poo poo" the affair saying, the mistake has been made, but we will cut costs to make up for it, and the balance will be paid out of the Community Service Tax.

**Voters are cautioned —** Do not be misled into thinking the \$35-Million Dollar Bond issue was a realistic planned proposal; it was off the cuff and without knowing the true figures in their building program.

Vote NO. It must have been the thought of the School Board to run the bond issue up to our Exhausted Bonding Capacity, who now say they could eliminate to account for the "unplanned." Why did they not eliminate in the first place?

The whole unplanned affair likens itself to the Merchant and the Banker. When the merchant went to the banker for a loan of \$300,000 to modernize his business, the banker said he would make the loan and what was the money going to be used for, the merchant stated, "Give me a couple of days and I will think up something." Exactly one month to the day after the School Board set the amount of the bond issue and \$34-million plus, the Superintendent of the Pasadena Unified School District presented a detailed list of what the money was going to be spent for, which now show definite unrealistic planning — VOTE NO.

Pasadena Unified School Board

Subject To Election

SHELDON PESSIN, who resides at 1563 East Meadowbrook Road, Altadena, says: —

"As a parent of three children who attend schools in Pasadena, I am deeply concerned in the direction the Board of Education is taking with respect to quality education.

"I am also concerned with the 'gloom peddlers' who state over and over again that our schools and city are going down the drain; that we are at the crossroads; and tomorrow may be too late. As a candidate for the School Board, I feel my 19 years of combined banking, building and management experience is needed to continue our education opportunities for all students in the district.

"As a former vice president of Mutual Savings and Loan Association and a construction executive, I am accustomed to dealing realistically with finances, cost controls, budgetary problems, and large scale projects, therefore, I am opposed to the 34 Million Dollar bond as unrealistic, the 'Cluster Complex' with its staggering costs, and the permanent tax over-ride of \$1.54. "I have supported bonds in the past and will support bonds that are realistic and provide the following: (1) immediate steps to repair and/or replace schools in the elementary and junior high school level (2) immediate steps to complete Blair High School with an auditorium, cafeteria, and other facilities needed for a quality education (3) immediate improvement of John Muir High School using the \$1,059,500.00 that is available now.

"I support the neighborhood school concept and oppose forced cross-town busing."

## Hawaiian Honeymoon Trip After Lawyer-Lutzow Rites

MRS. LARRY LEE LUTZOW  
... Ne Linda Lee Lawyer

Two hundred guests gathered at the Sierra Madre Congregational Church on March 29 to witness the marriage of Miss Linda Lee Lawyer, daughter of Mr. and Mrs. Richard E. Lawyer of 415 E. Orange Grove, to Mr. Larry Lee Lutzow, son of Mrs. Walter Lutzow of 162 Santa Anita Court. The Rev. Richard J. Anderson officiated at the 2 p.m. ceremony.

The attractive bride was given in marriage by her father, Mr. Richard Lawyer, who escorted her to an altar decorated with candelabras and large floral arrangements of spring flowers. Her full length gown, an Empire Style with a full court train, was of white silk organza appliqued in beaded Alencon lace. Alencon lace flowers held a three tier, shoulder length veil of silk illusion. The bridal bouquet was of cymbidium orchids, stephanotis and lily of the valley.

Bridal attendants all wore full length sheaths of turquoise silk saki with matching floral head pieces. They carried spring bouquets. Miss Victoria Hammer, schmitt of Sierra Madre acted as Maid of Honor for

her long time friends while the bride's sister-in-law, Mrs. Dennis Lawyer of Apple Valley, was Matron of Honor. Cousin of the bridegroom, Miss Barbara Tams of Pomona was bridesmaid. Kenneth Lutzow of Sierra Madre served as his brother's best man while Sierra Madrans Richard Brown, cousin of the bridegroom and the bride's brother, Dennis Lawyer served as ushers.

A garden reception, with spring flowers in evidence everywhere, was held at the home of the bride's parents immediately following the ceremony. Among the many friends and relatives attending were the bride's maternal grandparents, Mr. and Mrs. J. Ralph Seay of Alhambra and the bride's aunt and uncle, Mr. and Mrs. Lewis Lawyer of Oakland.

Both newlyweds are graduates of Pasadena High School and Larry served two years active duty in the U.S. Marine Corps including 13 months in Vietnam after attending PCC.

The new Mr. and Mrs. Lutzow are now at home at 55 East Highland after a honeymoon trip to Hawaii.

## "How Does Your Garden Grow?"

The Rev. Richard J. Anderson of Sierra Madre Congregational Church, 170 W. Sierra Madre Blvd., will have for his sermon Sunday at 11 a.m. "How Does Your Garden Grow?" Someone has said, "The mind is a garden where thought flowers grow; the thoughts that we think are the seeds that we sow."

Commenting on the sermon the pastor said, "Jesus had a lot to say about flowers and seeds, and crops. He often took illustrations from plant life and pointed his disciples more perfectly toward spiritual truth."

"You don't have to be a gardener or a farmer to understand the relationship between planting and harvest. Anyone knows that corn comes from planting corn seeds, and an oak tree comes from planting an acorn. But what many people don't realize is that their minds are very much like a garden. If you think worry, anger, hate, and bitterness you will reap what you sow. How does your garden grow? The seed of God is Jesus Christ. When He is planted, amazing, radiant results follow." Church school and Adult Bible class meet at 9:30 a.m.

Support of the people who run our School System... our School Board and our School Administration... is imperative. And if we expect them to provide Superior Education for ALL our children, we must give them the "tools" with which to operate. ## A Prize Winner

### A Changing City In A Changing World -- Essay

The following is a reprint of a prize winning essay by Thomas Hennacy, 9th grader at Wilson Junior High. Thomas won first prize at his school. The contest was sponsored by the Pasadena Historical Society. Thomas Hennacy lives in Chapman Woods.

by Thomas Hennacy  
Pasadena, celebrating the 95th anniversary of her founding on January 27, has come to what is possibly the most important era of change in her history. Having gradually changed from olive and orange groves to a prosperous and highly respected city. She is now at a stage where either she will continue to be highly looked upon and go on to meet new and challenging experiences, or decline by not solving her problems. Some of her problems deal with education (the school (POLITICAL ADVERTISEMENT))

I'M GRANT CHANGSTROM

AND I'M FOR PASADENA SCHOOL BONDS  
Aside from everything else . . . protection of the biggest investment we have . . . our home and property . . . is important. We should think of the School Bonds as a low-cost, long-term insurance policy to protect the value of real estate. And the "premium" is just a few dollars a month. The best answer to get Pasadena moving, both in Education and in Real Estate is your YES vote.

## With Our TEENS

by Debbi Anderson and Tim Anderson

Hello again people. This past week I've noticed more and more teenagers finding out about our Teen Council. This was obvious by our last meeting also. The new members were: Tom Nickoloff, Carson Jefferson, Domi Paschall, Danny Scharf, Jenny Jacobsen, and Betsy Simmons. The other thing that was obvious about more people finding out about us, were some of the questions I've been asked. Several of them are as follows: Who's supposed to come to the meetings? Do parents come too? Who's in charge? When are the meetings? And What do you do?

Here are my answers — Any teenager interested in helping to plan organized recreation such as street dances, baseball games, beach parties, roller skating parties, etc. is welcome. If any parent or adult would like to sit in on a meeting and find out what we do, they're welcome, but it is a teenage organization so there are no adult members; except Mr. Burton, which brings us to the next question. Our new chairman, Margi Grippi, is in charge, but our adult advisor is Mr. Burton. He's the director of Parks and Recreation Department. He's also pretty cool and he doesn't act like a parent, so don't worry! The meetings are the first and third Tuesdays of every month. If a meeting date is changed the chairman will send you a notice. They start at 7:30 p.m. and usually are out at about 9 p.m. At our meetings we discuss activities we want to plan for the near future, we discuss activities we've already done and we usually have something fun to do the last 20 minutes or so like have an informal folk session, or refreshments or something else fun.

At our last meeting on Wednesday, the 9th, we decided to have a pot luck dinner on Thursday, April 24. Also, we're going to provide entertainment for the senior citizens on May 10. Also, we have elected Domi Paschall secretary and Carol Hathaway co-chairman. Betsy Simmons volunteered as refreshment commissioner. Margi Grippi who was our co-chairman moved to chairman last week when our old chairman Lydia Stevens moved to Tahoe.

Our next meeting will be May 6th and we hope to have lots, lots more people. If there are any questions, suggestions, or comments, please write to Debbi, care of Sierra Madre News. Catch ya later.

## Letters To the Editor . . .

Dear Editor:  
The following is a letter sent to the fire department following a fire in Bethany Church:  
Fire Chief C. E. Brown:  
Sierra Madre Fire Dept.  
Sierra Madre, Cal. 91024  
Dear Mr. Brown:  
As Pastor and on behalf of the entire congregation of Bethany Church, I would like to express my heartfelt appreciation for the great work which the Sierra Madre Fire Department did here in the early morning hours of April 2. Although our sprinkler system extinguished the fire without any difficulty, you and your men certainly saved us from a great deal of difficulty by your very efficient

action in taking care of the water that had gone into the basement.  
Your efficiency is especially appreciated in containing the water, inasmuch as new carpeting had only recently been laid in one of the downstairs meeting rooms. I have seen a number of volunteer fire departments in action, but I can say without reservation that your men acted as professionally as they could have acted, and their efforts saved us a great deal of inconvenience and property damage.

Again, our great appreciation for your fine work.  
Robert M. Vander Zaag  
Pastor

## Self Defense Class For Women

The Pasadena Department of Recreation is sponsoring classes in Women's Self Defense, starting Saturday morning, April 19, 9 to 1:30 a.m. The series will be conducted at the Jefferson Recreation Center, 1501 E. Villa St.

Mr. Daniel Lee will teach necessary skills of self-defense, to improve one's strength, flexibility and endurance. The classes will meet once a week for 10 weeks. Participants will be taught to defend themselves quickly and efficiently in case of an assault.

Registration must be made prior to April 19, at the Jefferson Recreation Center, 1501 E. Villa St. Further information may be obtained by calling 793-9177.

Charlie Brown family has reproduced Charlie in his many antics, a happy reminder of the purpose in raising funds for the 285 Little Leaguers and their big brothers in Pony and Colt Leagues. All proceeds from "Take Me Out To the Ball" will go to support the baseball program in Sierra Madre.

Dancing will be to the fine music of the Gene Hill Combo, with a buffet table of cold cuts and finger foods available during mid-evening. Included in the fun will be the frivolity of the Bulging Belles who will entertain.

## Out of the Cobwebs

Sixty Years Ago:  
April 2, 1909

It is fortunate that there are no heavy machinery nor 100 inch lenses to be taken to the Mt. Wilson observatory in the near future. The wide trail has suffered considerable damage from slides during the rainy season and would be impassable for the big auto truck. According to Pasadena reports Superintendent Jones and a large force of Japanese laborers will soon be at work putting the trail in shape for the summer work.

F. R. Smith and son, Earl, left for San Diego yesterday, to remain till Sunday.

Harold Costello came home from Whittier college last Saturday and has been spending the Easter vacation with his mother, Mrs. C. F. Costello.

Lieut. C. R. Street will leave tomorrow for San Francisco. After undergoing a surgical operation at the Presidio he expects to join the mounted troops on their march to Yosemite. He will be absent during most of the summer. Mrs. Street and Marjorie will remain in Sierra Madre for a time.

J. H. Davenport, Harold Costello, Charles Camp and Guy Stanley went into the West Fork to be on hand at the opening of the season for "steel heads" and will remain till Saturday.

Twycross has sold two lots on Baldwin between Esperanza and Bonita to Nelson I. Lyon, who recently came here from Brooklyn, N.Y., and purchased the Luxton place on Central Avenue. They will probably build a residence on the lots, which were among the finest on the market in Sierra Madre.

Miss Ruth Brownson and a number of friends entertained at the home of Mrs. M. B. Brownson on Wednesday with a farewell surprise party complimentary to Miss Helen Fowler. The rooms were decorated with white and purple fleur de lis and violets. Music and games furnished enjoyable diversion from four till six and refreshments were served. Besides the hostess and guest of honor were the Misses Dorothy Camp, Elsa Kraft, Gladys Kraft, Helen Jansen, Alice Hoegge, Anna Kahlet, Margaret Stockard, and Joseph Jerome Johnson and Harry Brownson, Jr.

Forty Years Ago:

Petitions asking for recall of Councilmen Joseph Belohlavek and Henry Isaacs were filed with City Clerk Dietz late Tuesday afternoon. The petitions were put into circulation Saturday morning at the insistence of the executive committee of the Central Avenue Property Owners' Association. Each contained more than 360 signatures.

Survey of the Sierra Madre School System has been in progress this week by a staff of experts designated for the purpose by Superintendent John A. Sexson of the Pasadena school department. On Tuesday Mr. Sexson and 11 of his assistants came over for a preliminary look.

This investigation involves complete studies of the building, grounds and physical equipment of the school, distribution of pupils and population, financial resources of the district, tax rates for all purposes, growth as reflected in record of public service corporations, bank and post office records, and everything that would throw any light on the probable future needs of the district.

A large number of moving picture "fans" attended the opening of the Lyric Theatre under the new policy, Tuesday night. "In Old Arizona" which made a sensational run at a downtown theatre, and known as the first 100 per cent satis-

## FIRE SIDE

By One of the Boys

Well it looks like the "battle of the bulge" is really on. (That's the contest between "Fat Boy" Graves and "Rounder" Burleson, to see which can lose the most weight.) Both of them are displaying amazing will-power. Of course they know the Chief is watching them very closely.

We actually saw Lee turn down a big double rich milk shake and banana cream pie the other night. Of course, I have to admit this was right after completing a seven course banquet. But for Lee that's really good, plus the fact that he is only eating five square meals a day.

Don's wife is watching him like a hawk. She found out that if he loses the contest he figures on hitting the family vacation fund till to pay off and she'll have no part of that.

Chief Brown has decided he's going to call for a "weigh-in" about once a month to check on the hippos, but this time there is no danger of them trying the old bulging pocket routine.

Speaking of bulges you should sit behind these two guys in school. It's like being surrounded by blubber. They overhang the chairs so band the instructor had figured on putting in a bench to hold them, until he found out they don't make benches that big OR that strong.

We're not trying to accuse them of being fat but the instructor had to take the attendance role before they get in the room because he can't see anybody else. He thought, for the first two weeks he only had a two-man class on Mondays until he started calling out some names and got a reply of "here" to most of them.

Well, one of the last of the single guys in the department has decided to take the plunge. Mike Tyler, we understand, is going to get hitched, and as you can imagine he is received a lot of advice from his firefighting buddies. Most of it isn't good advice, probably; but the price is right, it's all for free.

It's not that we're opposed to marriage, understand; we — Please turn to Page 6

## Think... People... Think!

I was never more serious in my life when I ask you to vote NO on both the Pasadena Unified School Bonds and the Tax Over-ride.

I have been criticized very highly in many corners of the district, but still I know considerable about what to expect in the future; what is bound to come, and I would definitely believe that more than 90 per cent of the homeowners and business owners of the District cannot afford to take this large step.

It is definitely not a realistic issue, but one that was conceived by a group of people, who want to go the ultimate, regardless of who it hurts.

Taxes in Sierra Madre, as well as Pasadena, Altadena has risen over an average of 35 per cent during the past four years. Many homes in Sierra Madre had excessive raises in 1965 of over 300 per cent. This was caused by the raise in assessed valuations. The County Assessor found it necessary to re-evaluate all property in Los Angeles County and bring it up to the 25 per cent level. Since 1964 he has taken other communities, and they have shared the same fate as Sierra Madre, which was the first to receive this treatment, and Sierra Madre is scheduled for the same treatment again in the year 1973.

Many home owners found that their taxes jumped as much as \$300 to \$600, and then in 1966, '67, '68 and '69 the tax rate increased over \$100 which added to the burden of many.

Now without either the Bond Issue nor the Tax over-ride, inflation is causing what we expect to be another 7 per cent increase in the tax rate controlled by the various taxing agencies that govern Sierra Madre, Pasadena and Altadena, so with increased valuations coming up and an increase in the tax rate, the average homeowner having a home now valued at \$40,000 may be paying as much as \$70 to \$100 additional taxes next year. This same house with the Bond Issue and Tax over-ride hooked on to it would run the additional taxes up as high as \$424 to \$454, and the cost of living running way ahead of the possibilities of salary increases, this is JUST MORE THAN THE AVERAGE HOMEOWNER CAN POSSIBLY BEAR.

Those that criticize say that this Editor and this newspaper against EVERYTHING of a taxing nature, and this is absolute FALSE statements and beliefs. This newspaper did endorse heartily and worked for the bond issue of 1968 in the amount of \$5 million 580 thousand. It was our firm belief that this money would be used for the rehabilitation of the Schools to bring them up to the Fields Act Standards, and take the Children off double sessions. Sierra Madre was one of those schools, the Bond issue, by court action, did pass, the School Board was authorized to sell the bonds, this they have not done as yet, but we will be taxed for them in our taxation of 1969-70 tax payments.

Sierra Madre School has not as yet been worked on, but in that issue was the Architect fees and the reconstruction costs, still the School Board saw fit to NOW put up relocatables, at a very high cost, and may have to pay rent on them throughout the summer months.

Had the Board been realistic they would have sold the bonds in November, started repairs in January, left the children where they are for the remaining 3-months and be ready to go in September... BUT NO, the 35-million dollar bond issue was in the wind, and the hold of might give them extra leverage... Folks, take a minute and see through this smoke screen.

This is all brought on very plain in an article last week by KIDS, titled "The Other Side of the Coin," where they stated that "IF," remember now, "IF the 35-million dollar bond issue passes, the Sierra Madre School will be rehabilitated."... Same thing that was said in 1968, and that issue passed. They have some quotations from some very important people in the School System, who no doubt have been threatened, but do not let this mislead you; even the picture of the youngsters and their musical instruments... It's a heart wringer and was posed for that purpose.

Plan A, the Berkeley Cross-Town Busing plan has already been approved by your School Board, and it has been estimated to cost over a Million a year, that is what the Tax Over-ride will be used for. It is a \$1.34 per \$100 valuation and could be for the rest of your life... On a \$40-thousand home this alone is \$154 per year additional.

Sure the Teachers will get some of it, they should have had it long ago, with a 29-million dollar budget, we should have some of the highest priced teachers in the nation, but we do not; we spend too much money on fancy frills, such as television stations, reception, electric kitchens and marble halls.

Any person, and I do not care who you pick, could sit down with a \$29-Million Budget and cut away ten per cent of unnecessary expenditures, and folks if you can do that you would have almost \$3-Million to give to higher teacher salaries and superior education... just think about it for a while and go to the polls and vote April 22, vote to keep your home and help your neighbor keep his... VOTE NO, ON BOTH.

## Changing Colors

Government bookkeeping can apparently make red appear black. According to a report of the Council of State Chambers of Commerce, the surplus in the federal budget for fiscal 1970 is traceable to surpluses in dedicated trust funds, such as Social Security, Unemployment Compensation and Highway Trust Funds. Without these trust funds, there would be large deficits in federal operations — \$6.8 billion for 1970.

Mr. Eugene F. Rinta, executive director of the Council, warns: "... the Congress as well as the new Nixon Administration should bear in mind that these trust fund surpluses are not available for general expenditure purposes other than as loans from the respective trust funds. And they should remember in their consideration of the 1970 budget that while the unified budget showed surpluses for both 1969 and 1970, the general revenue and expenditure accounts still show large deficits for these years..." And so black ink becomes red. As far as the layman is concerned, the true color of government financial operations will be determined by the course of inflation.

## SENSING THE NEWS

AROUND THE U. S. CAPITOL

For millions of Americans the passing of Dwight D. Eisenhower, 34th President of the United States and commander of the allied armies in Europe, provided a solemn occasion for recalling the vital qualities of leadership in this Republic.

Gen. Eisenhower was a product of the American experience and embodied patriotic virtues which are essential to this country if it is to endure. At a time when there is disorder in the land and not inconsiderable disloyalty to its values, as evidenced among the militants of the New Left, it is timely to bear in mind what is basic to greatness and to the survival of the American system.

Nowadays, militants angrily denounce "The System," and call for its overthrow or radical alteration. The militants have their camp followers in politics who try to sell the idea that the United States is riddled with imperfections and in need of radical reconstruction. Some officeholders, sad to say, believe that it is smart to adopt the New Left's slogans about this being a land of hunger and hardship.

Dwight Eisenhower was a product of the American System, and his success in life demonstrates how effective and worthwhile that system is. He was born into a family of modest means. His father was a worker in a creamery in Abilene. Today, "liberals" no doubt would describe his family as "deprived" or "disadvantaged." But the Eisenhower family didn't see itself that way. Members of the family worked hard; they had faith in America. Not only the future President but his brothers did well in careers, achieving substantial success. The story of the Eisenhower family is the story of countless other American families of modest means who believed in the virtues of work, thrift, and loyalty to God and country.

The man who later in life was to command the largest force of free men ever committed to battle was a man brought up to believe in self-reliance. He didn't have the comforts and pleasures of other young men from more affluent circumstances, but he didn't complain. He relied on his own abilities and energies. He didn't expect an OEO or any other agency to provide him with instant prosperity.

For the young Eisenhower, service to country was a wonderful opportunity, not something to be avoided by taking refuge in graduate school. Throughout his life, he adhered to West Point's injunction to follow the path of duty, honor and courage. These concepts are a million light years away from what the New Left intelligentsia teaches today. Instead of stressing duty, the "liberal" intellectuals urge young men to avoid national service. Honor is scorned by the Left intelligentsia as an outmoded concept. Instead, they urge the young to seek peace at any price to believe that

it's better to be "Red than dead." Finally, courage in defense of one's country is dismissed by radicals as a shopworn concept. They speak of the virtue of anarchy.

In the eight years that Dwight D. Eisenhower was President, he displayed none of the arrogance of power characteristic of some of his predecessors and successors. Though his administration disappointed some conservatives who hoped for a thorough house-cleaning of entrenched radical elements in the federal government, President Eisenhower was not afraid to show his belief in free enterprise. He brought businessmen into the Cabinet. As a result, A—

## Neighbors

In the past, Easter vacations for Ruth Barden and her three children have been planned as something a little special. Example, one year they took the boat trip from Los Angeles to Mexico, one year to Washington, D.C. to see the cherry trees in bloom, and during another vacation period the four trekked to New Mexico to see the Indian Pueblos. For this year's excursion, an advertisement for an overseas tour caught their eye. It sounded so worthwhile and interesting... and downright exciting, that even through the departure date was AFTER Easter Vacation the Bardens signed up. Consequently, the later part of April they will leave from Los Angeles International Airport with first stop-over Malaga, Spain. Next stop will be Seville, then Granada and after that Mrs. Barden, Richard (14), Anne (13) and Elizabeth (10) will arrive in North Africa in Tangiers, followed by a visit to Tetuan. Then it's home about the middle of May. A marvelous trip... Have a wonderful vacation!

## New Art Fair

City Hall, and the Sierra Madre News office. By returning the slips to the library by May 10, the young people will be assured a spot for their displays. Sign-ups at the park will be held on Saturday, May 17, after 10 a.m. for those unable to register early, but will be given space on a first-come, first-served basis.

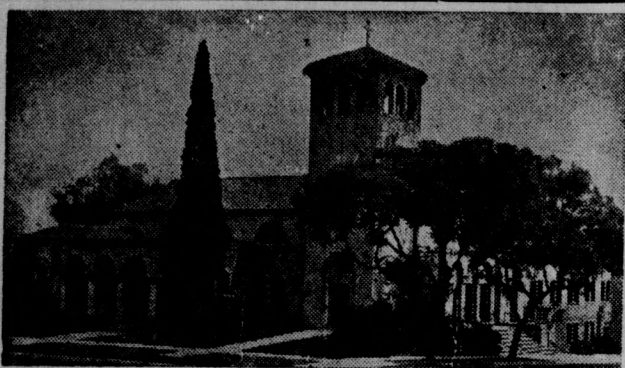

Dick Johnson, chairman of the exhibits committee of the Friends of the Library wishes to remind Sierra Madre artists that they are invited to exhibit at the main Art Fair. The committee should be notified by May 6 or plans to exhibit so that display space may be reserved. Rule sheets are available by calling Dick Johnson at 355-1389.

still remains a list of alternatives composed of fully qualified candidates whose qualifications although outstanding are just below those of the initial award winners. As vacancies develop in the program, these students will be selected as additional winners. If you have questions concerning the program or wish additional information, contact the Commission offices in Sacramento at 520 Capitol Mall.

## Patients

Among the patients at the Sierra Madre Community Hospital this week are residents of Sierra Madre: Mr. Frank Chavarria, Ellen Reiber, Anne Barraclough, and Mary Quinn. We extend our thoughts and good wishes for a speedy recovery to all.

## 'I'll Never Catch Up,' Says Parr

and in fact, can't find time to transcribe them all directly into wax. In the jewelry business all his life, George started out as a watchmaker and eventually owned seven jewelry stores. He still maintains part interest in one carrying his name in Huntington Park. The Parrs built a home here 15 years ago and suddenly realized it was foolish to drive 50 miles roundtrip to work each day and that is how the present establishment was born.

The demands of customers for ideas and suggestions and Parr's desire to please people plus a great natural creative talent led him into the creative designing specialty. These last 25 years or so has been seriously concerned with designing and it seems to have been a most successful and satisfying turn of events for all. At one time, this native Californian was on the design staff of the world's largest ring manufacturer. In fact, he is re-

Two jewelry journals, following the example of perhaps one of the most widely read such magazines, "Modern Jeweler" (February 1969) plan to have feature articles on Mr. Parr and his Jewels Workshop.

George Parr is a delightful, warm gentleman who seems extremely at peace with himself and environment and one who is really doing what he loves — creating an individual and original bit of artistry for a specific human being.

Lesson Sermon  
For April 20

"What doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God?"

This verse from Micah sets the theme of the Bible Lesson-Sermon on "Doctrine of Atonement" which will be heard Sunday in all Christian Science churches.

A correlative passage from the denominational textbook comments: "Every pang of repentance and suffering, every effort for reform, every good thought and deed, will help us to understand Jesus' atonement for sin and aid its efficacy; but if the sinner continues to pray and repent, sin and be sorry, he has little part in the atonement in the at-one-ment with God — for he lacks the practical repentance, which reforms the heart and enables man to do the will of wisdom" (Science and Health with Key to the Scriptures by Mary Baker Eddy).

Friends Salute  
Desert Nature

In the deserts nature has twisted many of her forms of life. There are plants without leaves, animals which drink no water, and the heavens which rarely offer its assistance of rain. To help open our minds and eyes to these miracles, the Junior Friends of Sierra Madre Library have planned a worthwhile program for April 19 — at 9:30 in the public library children's room.

First will be a color film "Voice of the Desert" featuring Joseph Woods Krutch sharing his knowledge and appreciation of the animal and plant life in the Sonora Desert.

Children are invited to attend to see the movies and visit the exhibit. Mr. Kinu can will be happy to answer any questions on Saturday morning.

## CINCY AND ST. LOUIS

TO WIN N.L. TITLES . . . HANKUS has been tabbing Cincinnati to win the National League for three years. He's at it again but this time the Reds only have to win half the league before engaging in a playoff series.

THE REDS have a fine outfield with Rose, Johnson and Tolan, big boppers at the corners in Perez and May, the All-Star second sacker in Tommy Helms and the best young catcher in the game in Johnny Bench. The pitching may be a shade short with much depending on how Mel Queen responds from an arm injury.

Here is how Old Hankus looks at the Western Division.

1. Cincinnati. 2. San Francisco. 3. Los Angeles. 4. Atlanta. 5. Houston. 6. San Diego.

SAN FRANCISCO has been a perennial bridesmaid and it looks like more of the same under new coach Clyde King. Actually it is conceivable that the Giants may fall as low as fourth but with the likes of Mays, McCovey and Marichal in the fold second place is far more likely.

If the Dodgers are to finish as high as third they will have to get there via solid pitching and quick young legs. Alston appears to have the chucking and some promising youngsters but there is a woeful lack of power. Willie Crawford will have a fine year and Andy Kosco will chip in with timely hitting but third would seem to be a maximum.

Atlanta often looks promising on paper but seldom lives up to potential. In a match-up games with the Dodgers, the Braves would have the edge as six positions with only Tom Haller

holding a clear cut edge for the locals. However, you wouldn't trade the Los Angeles mound staff for what Atlanta has to offer so we'll give the edge to Alston's crew.

Houston off to a very slow start still should have enough big guns to shoot down upstart San Diego for the fifth spot.

IN THE EASTERN DIVISION it looks like this:

1. St. Louis. 2. Chicago. 3. Pittsburgh. 4. Philadelphia. 5. New York. 6. Montreal.

NO WAY TO PICK AGAINST the Cardinals who would be favored to win both the division and world series battles. The best outfield in baseball (Brock, Flood and Pinson), veteran infield, good catching and solid pitching headed by Bullet Bob Gibson.

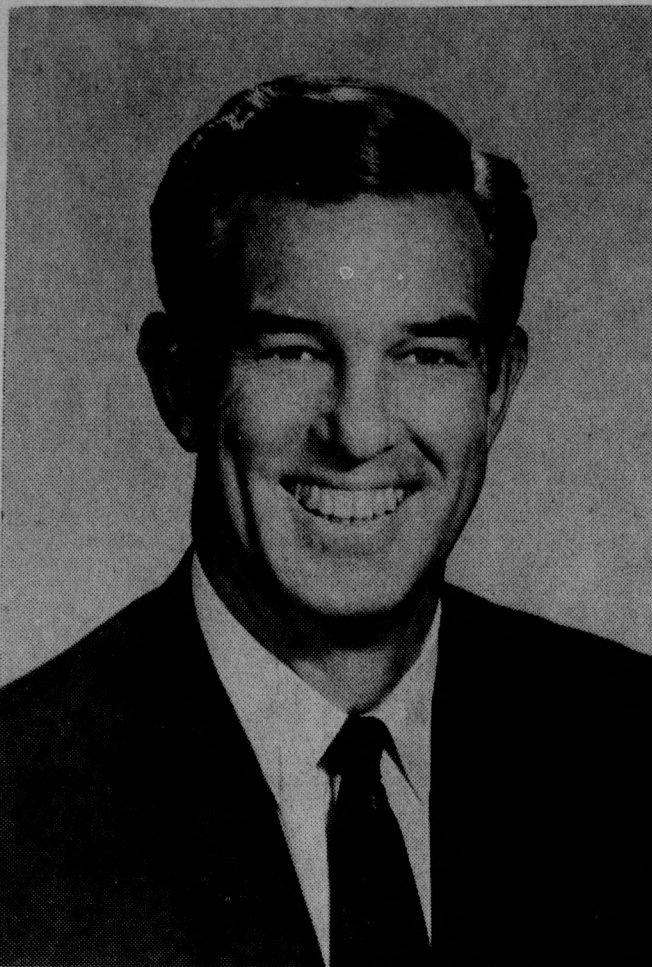

LEO DUROCHER'S CUBS are vastly improved but will require supreme efforts by Jenkins, Niekro, Hands and Holtzman as starting pitchers to hold the runnerup spot in the Eastern Division. Outfield is "iffy" with only Billy Williams in the star class. Tough infield with power at the corners and fielding down the middle. Randy Hundley does a fine job behind the plate.

It's a tossup between the Pirates and Phils for third. Both were blasted in the expansion draft. Each has a segment of top-notch players, the Clementes, Stargells, Veales, Mazeroski, Shorts, Allens, Callisons, Pittsburgh seems to have a small edge in pitching so we go with them for third.

THE METS are improving each season and will give a lot of teams trouble but the spot just above expansion Montreal seems to be a lofty spot for them.

CLARENCE DAVIS will get the rave notices at USC as O. J. Simpson's replacement.

For Pasadena City Director District 5  
Subject to Pasadena Municipal Election, April 24

Within 13 Votes In Primary of 60%

Frank Crowhurst Shows  
Responsible Leadership

Frank Crowhurst, candidate for City Director in Pasadena's District Five, is continuing a heavy schedule of campaign activities during the final week prior to Thursday's election, April 24.

At coffee hours and door to door talks, which carried him to within 13 votes of winning in the primary election, Crowhurst is stressing the need for responsible, dynamic leadership as Pasadena enters one of the most critical periods in its history.

Crowhurst believes that the growth of Pasadena can best be achieved through good government based on sound financial and economic policies and the full use of the free enterprise system. He also is recommending that an intensive program to attract investment capital to Pasadena be undertaken to broaden the tax base and lower taxes for homeowners.

In another area of major concern, Crowhurst is advocating that law enforcement personnel be better paid and trained, that the police force be enlarged and that new ideas such as helicopter patrol should be implemented to reverse the trends in crime rates.

Holy Communion  
At Faith Lutheran

Holy Communion will be celebrated in the 10:30 Sunday morning worship hour of Faith Lutheran Church, 845 Hastings Ranch Drive, Pasadena. Basing his remarks upon the second verse of the twenty-third Psalm, the Rev. Armin Hesse will speak on the topic, "The Pause That Refreshes." The second Sunday after Easter is known as the Good Shepherd Sunday.

The 9:15 Sunday School and Bible class period will feature a new Bible class for the recently confirmed youth. This group will be under the direction of Mr. Phil Muschinske.

At 2 in the afternoon the Sunday school staff will attend a workshop in Alhambra where the teachers will receive valuable in-service training.

At the same time 50 youth of the church will leave for an afternoon and evening outing as Disneyland.

Other activities for the week include: 7:45 Monday evening Christian Women's Service Guild, 7:30 Tuesday evening Sunday school staff and Junior Choir, 10 Wednesday morning L.W.M.L. Sewing group, 7:30 Wednesday evening Midweek Bible hour, and 8 Thursday evening Adult Membership Class and Senior Choir.

Voters Aid  
Till April 24

Voter information will be available from the League of Women Voters at 792-5298 or 449-3833 or at 160 N. Oakland, Pasadena, between the hours of 10 a.m. and 4 p.m. through April 24. League members will be able to answer questions or provide information for voters in the Pasadena, Alameda, Sierra Madre area.

Principal election dates are April 22 for the Pasadena Unified School District Board of Education election and School Bond and Tax Override election; and April

Sunday Sermon  
Topic Given

"Freeway To Progress" is the title of the lesson-sermon to be given by Margaret M. Stevens, minister of the Santa Anita Church, 226 W. Colorado Blvd., Arcadia on Sunday, April 20 at 10 and again at 11 a.m. Infant and child care is provided.

Children from pre-school through seventh grade go to graded classes, after a 15 minute worship service in the sanctuary at 11 a.m., which are led by dedicated teachers. Young adults hold their meetings on the first and third Sundays at 7 p.m.

There is a class in successful living on Thursday at 11 a.m. led by Rev. Stevens to which all women are invited. There is always a workshop or project after the class. All are invited to stay and enjoy a time of fellowship. April 24 is to be a bridge luncheon at 12:30. For further information regarding other activities, call 446-8206.

"Our dial-for-prayer is 447-6162," reminds Rev. Stevens.

## Clerks Of Local 1442 OK Contract

Santa Monica Local 1442 of the Retail Clerks Union voted by 3 1/2 to 1 recently in secret balloting to accept the new three-year contract negotiated with the supermarket industry.

Robert K. Fox, president of the Food Employers Council and chief supermarket negotiator, called it a stinging rebuke to Los Angeles union manager Joseph T. DeSilva.

"Mr. DeSilva stopped at nothing," said Fox, "including sending people to the markets in a last minute effort to intimidate the Santa Monica clerks and frighten them into submission to his dictatorial power."

"He has obviously failed." The Santa Monica union was the sixth to fully ratify the agreement reached with the employers in negotiations coordinated by the Retail Clerks International Union.

Separate negotiations were conducted with the six and are still continuing with three other unions, with DeSilva as spokesman. DeSilva created the split by attempting to control International elections last year. The same contract which the six unions accepted has been offered DeSilva's own Local 770, San Diego local 1222 and the Santa Barbara area local 899.

Local 770 met to hear a report from DeSilva Saturday.

Local 899 held a meeting on the proposal Friday, April 11 at Ventura, Saturday, April 12 at Santa Maria and Sunday, April 13 at Santa Barbara.

Fox predicted that DeSilva will do everything in his power to retain control over the locals and their elections.

"DeSilva does not really care for the well being of the clerks, only to seize power," he declared.

Infiltration by DeSilva agents gave him a momentary victory at San Diego, Fox pointed out, but only because 1,100 out of more than 3,000 clerks turned out for the meetings.

"When the full membership meets again, the outcome will be different. The agreement offers clerks generous wage and fringe benefit increases," Fox said. "DeSilva knows this and so do the clerks."

### Huck Finn Day

Children of parents who work in Sierra Madre. The activity will be held at the Sierra Vista Park. A fee of 25c will be charged.

There will be 500 rainbow trout to fish for with a limit of three each. The schedule for the day will be as follows:

Six to seven years, registration 8 a.m., fishing 9 a.m.; 8 to 9, registration 10 a.m., fishing 11 a.m.; 10 to 11, registration noon, fishing 1 p.m.; and 12 to 14, registration 2 p.m., with fishing at 3 p.m.

Each group will have one hour and forty-five minutes to fish. Participants must fish with their particular age group. Participants should dress up like Huck Finn and Becky Thatcher. Awards will be given to the best dressed in each age group. Awards will also be given for the longest and largest fish in each group. Commercial or home made fishing equipment can be used. Any bait is appropriate.

Parents may accompany younger children. For further information contact the Recreation Department at 355-7135.

### Bomb Scare

and his aids then entered the building for a search for the possible bomb. The search proceeded until the hour of 8:30 into all buildings of the company. Having found nothing, executives of the Sierra Engineering Company decided it would be best to dismiss the employees for the day and make up the work on the following Saturday.

Fire equipment was released at 8:35 to return to the station with a crew of men staying at the Engineering plant for a further check and search. Personnel of the Sierra Engineering Company furnished the Police and Fire with the name of a man that could be a likely suspect; aside from this no further information or discovery was made by 11 a.m. Monday morning.

## Letters To the Editor

Dear Editor:

Today American parents stare in bewilderment as riots and revolution are the daily occurrences on campuses where those parents are sending their children to receive an education.

When the riots first began on college campuses, parents were told that they normal passtime on high school campuses. Now, we believe that parents have no understanding of their children, regardless of their age? Is the next step the removal of the children from their parents at birth, so an institution run by government officials can raise those children?

Of course, that sounds fantastic. The fact is, however, that a group of Americans have changed our schools from public-controlled schools to government-controlled schools. As a direct result of that change, those government schools are being used as

the basis for a social revolution. If that sounds fantastic, just take a look at the following statements, which represent a thinking all too common in our education system:

"Trust in providence must be replaced by careful planning and private capitalism by some form of socialized economy." George S. Counts, professor of education, Columbia University.

"We must not blindly shrink from the fact that it force (in making completely public the ownership and control of the natural resources and the industrial structure of the nation) against those at present privileged." Norman Woolfel, professor of education, Ohio State.

"The educator . . . who would contribute materially to social planning (must) be prepared to undertake the instruction of children for their share in the new order." President of the Progressive Education Association.

These statements were not made in 1969 nor even 1968. They were made as far back as 1930. The disruption on the campuses was planned long, long ago.

Kappa Delta  
April Meeting  
Hears Speaker

The April meeting of the Pasadena Alumnae Association of Kappa Delta will be held Tuesday, April 15, at the home of Mrs. Daniel Chute, 1939 Alta Oaks, Arcadia. Dessert will be served at 7:30 p.m. by Mrs. William Bassett, Mrs. Robert Edgar, and Mrs. Clifford Siemens, hostesses for the evening.

A speaker from the Pacific Telephone Company will present slides outlining the history of the San Gabriel Valley, its community and its people. Afterwards election of officers for the coming year will take place at the close of the business meeting.

The Kappa Delta Awards for Orthopaedic Research for 1968 were recently presented at the Thirty-sixth annual meeting of the American Academy of Orthopaedic Surgeons at the Americana Hotel in New York City.

Representing Kappa Delta at the presentation was Mrs. William R. Campbell, past president of the Bergen County, New Jersey Kappa Delta Alumnae Association. Honored for their outstanding research and work in the field of orthopaedics were Dr. Sandy C. Marks, Jr., Dr. J. Robert Close, and jointly, Drs. Walter Abend-schein and George M. Hyatt.

This award was established in 1947 at the Sorority's Golden Anniversary convention and has been presented annually since 1950.

County Fire  
Chief Klinger  
Now Retired

The world's "finest" fire chief — Keith Klinger — is retiring. Supervisor Warren Dorn announced this week.

Dorn, chairman of the County Fire Department, credited Klinger with building the "world's best fire fighting unit."

"Under his leadership since 1953, the fire department made many innovations in fire fighting, such as use of aircraft in battling blazes."

"His department was the first agency in the nation to use air response. In fighting fires, immediate attack is necessary for control," added Dorn.

Klinger, acting on advice of medical authorities, is retiring after 35 years of service with the county department, having signed up in 1934 as a fireman in the Santa Fe Springs area.

Under his command, the department has grown from a force of 1000 in 1953 to 2500. The number of stations has increased from 80 to 113.

Klinger, whose retirement will become effective June 30, although he is leaving duty today because of accumulated sick leave, will be succeeded temporarily by Div. Chief Richard Houts, pending civic service examination.

In departing, Klinger commended Dorn for his "100 per cent" support of the department.

## Sensing . . .

merica's affluence gained greatly in the 1950s. Home ownership grew enormously during the Eisenhower years. American society was strengthened and stabilized.

In the main, however, Gen. Eisenhower was in the central current of American thinking. He understood the strength of the American "system," and upheld it as a model of opportunity and enlightenment. He had no use for the strident doctrines of social revolution. He rejected the demagoguery and truth-twisting that is involved in describing America as a land of hunger and poverty. His confidence in the United States and its essential goodness and greatness should be remembered for years to come.

PCC offers many classes in a widely diversified subjects that hold appeal for the professional, novice, and those just interested. One of these classes is "Rescue Tactics" with a large number of students enrolled learning the proper and latest techniques of life saving. (Wonder how they do their homework???) Anyway, one of the Sierra Madrans attending this class is Mr. Charles McIntyre of 111b Suffolk. Chuck works for the USN at the Naval Ordinance Station in Pasadena. Good show, what?

# Boys In Viet Nam Thank Local Red Cross

Year. Thanks again. Your's public of Vietnam, received four large packages containing the Christmas gifts sent by the wonderful people affiliated with your branch. While it is a week before Christmas, some of the more curious could not wait and are now enjoying opening their packages. It has certainly made a happy day for us and caused each one to pause and reflect on those of you at home who are concerned for our welfare. For your thoughtfulness and kindness we thank you. For giving of your time to participate in this project, we are certainly appreciative and take this means to convey to you, our thanks and very sincere wishes for a Merry Christmas and hopes for a Peaceful and Happy New Year. Sincerely yours,"

From Marine Major C. E. Cannon, "Dear Sir, I had to sit down and write you a note, telling you how much your gifts were appreciated over here. We can never repay you and your organization for your thoughtfulness. Not only were the gifts outstanding but someone had to do a lot of planning to put so many items that are so badly needed over here in one package. I'm a member of Provisional Marine Air Group 39, stationed at Quang Tri, RVN. Fortunately, being in a helicopter group, many of us had the pleasure of seeing the looks on the trooper's faces when they received these gifts. It's hard for many of us to believe, but I know that in many cases, your gifts were the only gifts some of these men received. Again, I sincerely want to thank you, the Sierra Madre Branch for your thoughtfulness. With fine people like you backing us, we can't help but win this war and perhaps someday, we can all live in peace again. Very sincerely yours,"

Major H. L. Causey, Officer in Charge wrote: "My dear friends, Today our unit, Marine Air Traffic Control Unit 62, located at Dong Ha and Quang Tri, Re-

you can plan on losing one hour of that endearing sleep, as this will be the time they call "spring ahead" with your alarm clock, just one hour, which is supposed to give you one extra hour in the evening. Good luck and happy evenings for the next six months.

— CT —

I have had many, many people ask me "When is the Civic Center going to be presented to the people for a vote." I have given this some grave consideration, I have added up all of the columns and my answer is SERIOUSLY . . . not for a long time . . . Say two or three years at the least.

— CT —

I am certainly, not a finance officer, but to put up an estimated \$12,000 for a bond election is almost more than the taxpayers can bear. This and the some \$22,000 already spent on plans and specifications is just about as far as the city fathers can go at this time.

— CT —

If the election was a sure bet, they could chance it, but the chances are far less than 50 per cent and they need 66 2/3rds to do the job.

— CT —

Another thing, I doubt very seriously if they did put up the issue and it passed, that the people of Sierra Madre could raise the money through taxation to pay for the maintenance of the structure. We will just have to wait and see, but within the next 30 to 60 days, if not sooner, I am sure your City Council will announce that it has been temporarily shelved for the time being.

— CT —

This announcement may not come until after they start working the "Budget" for the coming 1969-70 year, but I have a very good idea that they are going to discover a lot of things in the finance field when they start adding up the columns of expenditures over the past year.

— CT —

I do hate to say this, and I do hope that I am entirely wrong, but I feel that they will have to raise about \$30-\$40 Thousand to take care of salary increases and inflation throughout the departments. And according to my feeling they will have a nice deficiency or overspending of the last year budget to make up. Your Council Administration is bound and determined not to raise the Tax rate beyond the \$1.65 now established, and if they hold to this then money will have to be removed from the Contingency Fund to replace the deficiencies. Additional revenue will be sparse, and increase valuation will only run about 1/4-million, this will be way short of the necessary, so some departmental expenditures will hit the trail of memories.

— CT —

Vital Services will not be affected too greatly, but oh, Brother, watch out for improvements and extracurricular activities for the next year, they will be close to nil. Truthfully, I hope I am dead wrong, I do hope, I hope, I hope.

## Letters To The Editor And Remarks

Dear Editor:  
Greetings and best wishes. Enclosed is a copy of a letter I am sending to the Fire Chief.

If it could be published in your paper, we would deeply appreciate it.

I want to assure you that we read your paper with the greatest interest, and find it very helpful and even necessary if we are to keep up with the developments and what is going on in this fine Community.

Very Rev. Fr. Walter Kaelin, C.P.

Mr. C. E. Brown, Chief  
Sierra Madre Fire Dept.  
55 W. Sierra Madre Blvd.  
Dear Chief:

All the Priests and Brothers join in thanking you and all of your Department for the wonderful service you gave us on this past Thursday, April 3. Only your most prompt action at the moment of our call, and only your quick and efficient operation on arriving at the scene, prevented great and extensive damage. We are deeply grateful, and are happy to sing the well-

deserved praises of your Department.

I was there from the time of the call, and personally observed what I mentioned above. Their know-how, decision and execution impressed everyone. But more than that, every member of the Department was doing his job with a real dedication and pride, together with that individual personal concern, which are the most valuable ingredients of Public Service.

Very Rev. Fr. Walter Kaelin, C.P.

Superior of Mater  
Dolorosa Retreat

Peace,

I have been a Peace Corps volunteer. I am now a social worker. I am not at all satisfied with the little that I have done for peace or social justice. I am searching for a way, uninhibited by the bureaucracy and impersonality of governmental and other institutional programs, to more meaningfully channel my talent and energy.

To give aid to touch the

life of another, one must first render vulnerable his own defenses. Two people must meet as equals risking alike their sensibilities for what it is they can give, and for what it is they do need. For this interaction to occur, and to occur with a force and vitality capable of ameliorating the poverty and injustice of our community, I propose an alignment of socially conscious individuals. Let such people come together to match skills and interests with problems of the community. Where outside resources are necessary, find sponsorships from those whose involvements can best be expressed with funds, facilities, and the like.

Using my own resources, this letter is being sent to approximately 5,000 Southern Californians. I request a response to my proposition. I will assemble the replies (with assistance from those who wish to render it) into a meaningful whole from which further direction can be taken. I visualize an "or-

ganization" which stands between people. I see great range of projects and activities capable of generating their own growth once an initial catalyst in the form of a meeting of minds and sentiments is applied. Assistance and commitments are necessary to fashion reality from thought.

The thought, hopefully conveyed with the phrase, "Help, Stop Me Before I Kill," is that the responsibility for the violence and inhumanity of this world is personal. Cannot peace and satisfaction with oneself be achieved only when all which can be given is, in fact, given?
